TE1594R-D

Flush Screen

USB and Serial Connection

The TE1594R-D, part of TouchSystems' TE Series, provides a compact, durable, and elegant touch solution. The monitor's bezel-free design not only makes it pleasing to the eye but also easy to clean and maintain. The monitor features a rugged exterior, making it an optimal choice for heavily trafficked areas. It also comes with a variety of options, including two channel speakers and a magnetic card reader (MSR).

Retail

The monitor's optional MSR and dual connection (USB and serial) allow it to integrate into most retail environments.

Hospitality

The monitor offers both VESA mounting and table mounting holes, meaning it can be displayed in a variety of ways.

Public Spaces

The TE1594R-D features lockable OSD buttons, providing security when used in a public space. It also is multilingual (eight languages).

Restaurant/QSR

The flush screen is easy to clean, which is perfect for employees working the late shift at the restaurant.
