Reach your audience and have maximum impact with the V4250D 42" Touch Display. This great entry-level touch display allows you to take your digital signage to the next level and provides a rapid return on investment. Great for boardrooms, hospitals, hotels, retail and restaurant markets along with indoor venues and government facilities, the V4250D gives your message the "wow factor" you've been looking for.

Featuring a public-display-grade panel, commercial-grade construction and touch input flexibility, the V4250D is the solution for all your digital display needs. Using 3M's Dispersive Signal Technology, the V4250D provides fast and accurate touch, and is not affected by surface contaminants such as dust, grime and liquids.
