Providing exceptional value without the exceptional price tag, the M2 19" touch monitor is an eco-friendly, budget-friendly touch-enabled solution. Perfect for small-to-medium-sized business users, the M2 19" monitor is also an excellent solution for those in retail, education, hospitality and medicine. Technology-rich, the M2 19" display includes eco-friendly features such as LED backlighting, ECO Mode, auto brightness, Intelligent Power Manager and a carbon footprint meter.

Medical

Link doctors, nurses and administrators with the seamless transfer of information.

Hospitality Kiosks

Minimize customer wait time with the easy to use design, reinforcing brand awareness and providing eye-catching interactive information.

Interactive Learning Stations

Enhance classroom learning, transforming teaching materials into interactive, hands-on experiences.

Retail Sales

Exceed customers' expectations with the M2 19" display's interactive user interface, all while increasing efficiency and reducing manpower by way of the monitor's practical design.

Corporate

Prominently exhibit and edit graphs, charts and information, converting presentations from average to exceptional with the M2 19's high-performance touch display.
