TouchSystems' M5 17" Touch Monitor offers a feature-rich display with bezel-integrated speakers. Specifically tailored to your needs, this touch monitor will dramatically enhance the user experience in any industry.

## Health Care

Link doctors, nurses, and administrators together with the seamless transfer of information.

## Hospitality Kiosks

Minimize wait time with its easy to use design while reinforcing brand awareness by providing eye catching information to customers.

## Factory Automation

Extend real-time information to the factory floor, reducing paper consumption and data entry time.

## Interactive Learning Stations

Enhance classroom learning, transforming the material into an interactive "hands on" experience.

## Retail Sales

Increase efficiency with its practical design, reducing manpower while exceeding customer expectations.
