

P404-TSP

NEC Large-Format PCAP | 40"

This 40" touch display features 10-point projected capacitive technology and 24/7 operation due to its internal and external design. Internally, the display features an advanced thermal management system as well as self-diagnosis tools. Externally, the display claims a sealed, industrial-strength premium panel design that's compatible with industry standard mounts to survive the most heavily trafficked areas.
